

Armchair **OCTA**

Armchair OCTA

Immediately giving off a sense of comfort, the soft rounded lines of this single-piece armchair are undoubtedly its most distinctive characteristics. The Octa is an injection-molded armchair made of polypropylene and is reinforced with glass fibers. It is also lighter because of the woven texture on the back, which is another unique feature of this armchair, further emphasizing the attention to detail. Octa armchair is useful for both indoor & outdoor and comes up 12 different colours.
